Approved by CVHOA Board of Directors 05/18/2011

Color Palette. Effective March 16, 2011, homeowners wishing to repaint their house a color other than its current color must use one of the twelve colors on the Board-approved CV Color Palette.

The following is the list of approved colors from Dunn-Edwards Paints: Cliff View, Colorado Trail, Hickory, Lost Summit, Mesa Tan, Pueblos, Stonish Beige, Terracotta Sand, Warm Hearth, Wooded Acre, and Wooden Peg. Alternatively, there is one color from Sherwin-Williams that has been approved: Dormer Brown. Accent/trim color will be natural brick color only where brick currently exists on the house. Wrought iron will be black, or dark rusty metal color. Gates other than wrought iron, i.e. wood, will be the body color of the house. Existing wood trim will be stained or painted dark wood color or the body color of the house. Garage doors will be the body color of the house.

Homeowners wishing to repaint their house it's current, complete color scheme, including gates and trim may do so after the Architectural Request Form is submitted to the Committee. The manufacturer name, paint number, LRV (Light Reflectance Value), color name and a painted color swatch attached to the form and then approved by the Architectural Committee. The exception, in this case, is that all Garage Doors will be painted the same color as the body of the house

Architectural Committee approval is required even if re-painting is being done in the same color.

NOTE: Examples of the CV PALETTE colors are available for observation at the clubhouse. Quart samples can be purchased at Dunn-Edwards or Sherwin-Williams stores.
